FURTHER PAPERS.

Department.	Number.	Series.	Date.

Ref.C.No. 3300/54.C.

Project Executive Office, S.K.,
Mangalore, Dated 21--2--1955.

From
Sri. H. Narasimha,
Project Executive Officer,
South Kanara, MANGALORE.

To
The Director of Community Development,
MADRAS.

Through: The Collector of South Kanara, MANGALORE.

Sir,

COMMUNITY PROJECT--South Kanara--Engineering works--speeding up--Progress--Supply of jeeps to Spl. Divl. Engineer (Community Project) and Asst. Engineers.

--

At the meeting of the Special Sub Committee held on 20-2-19 it was urged by the Asst. Engineers that in view of the large No. of works to be carried out in interior parts all over the Project area and the need to complete them before the onset of the monsoon, it is imperative that each of the two Asst. Engineers should be provided with a jeep exclusively for his use throughout the month to enable them to move about briskly from place to place and supervise the works properly. The Spl. Divisional Engineer(C.P.) while agreeing with the Asst. Engineers has expressed strongly that unless he has a jeep at his disposal exclusively, he is not able to do justice to his job, as he has to tour all over the district.

Sri. K.P. Mukunda Prabhu, the non-official member of the Sub Committee, who is taking a very keen interest in Community Project has expressed his feeling that the gravity of the situation in this Community project area has not been realised by the Government and that unless conveyance facility is given immediately by providing each of the officers with a jeep, there is no hope of getting through the programme within the Project period.

At present there are only 3 jeeps for this project for the use of the Project Executive Officer, two Asst. Project Officers and Two Asst. Engineers. The Asst. Engineers are given the jeeps of the Asst. Project Officers for 15 days in a month, the Asst. Project Officers using them for the remaining 15 days. The Spl. Divisinnal Engineer (C.P.) is occasionally making use of one of the jeeps when they are with the Asst. Engineers. There is no separate vehicle to convey the Cinema Unit from place to place and the jeeps of the Project Executive Officer and the Asst.Project Officers are used for conveying the unit by adjusting their tour programmes suitably. There are also other calls on the jeeps now and then. It has been recently ordered that jeeps should be made available to the Medical Officers of P.H.Centres which are 50 miles apart to enable them to attend to Public Health work in villages. This, however, has not been done so far. It is, therefore, obvious that dearth of jeeps is a serious handicap for carrying on the work efficiently. A No. of bridge works have just been started all over the Community Project area and they need constant attention by the supervisors and Asst. Engineers. All these works have to be completed before the end of May next. The work of the Asst. Project Officers has also increased considerably, demanding frequent and repeated visits to interior villages to expedite the implementation of the various items of work programmed.

It is, therefore, requested that early arrangements may be made to supply the required No. of jeeps to this Project in the interest of speedy execution of engineering works and implementation of the various other items of work as per programme

Yours faithfully,

Project Executive Officer.

Public (Roads) Dept.

Memo. No. 1692-R-DPS/55-4 Dt. 10/3/55.

CPs - S.K. Project Area -
Supply of jeeps to engineering
staff. Information.

Ref: From The P.E.O, Mangalore,
Ref. C.No. 3300/S.U.C. dt. 21.2.55

The P.E.O, Mangalore is informed that the CPA who have been addressed to ~~supply~~ allot more jeeps to this State for supply to the various officers connected with the CPs & NCs, have intimated that only a limited number of jeeps will be supplied to this State ~~as against the large number of jeeps asked for by the Govt.~~ and that as such it will not possible to supply jeeps to each of the officers in the com. Projects. He should therefore devise some working arrangement ~~for the~~ among the several officers for the use of the ~~available jeeps~~ with reference to the urgency of the works on hand. He is however informed that when the jeeps are

for the utilisation of the available jeeps in the best manner possible by the various officers

by the CPA are received, ~~effort~~ action will be taken to allot one or more jeeps to this project for the use of the engineering staff. ~~But thus~~ meanwhile, he is requested to regulate the use of the available jeeps in the best manner possible.

Public (ROPX) dept.

Sub: CPS - S.K. Project - Supply of jeeps to Spl. Divl. Engr. (CP) and Asst. Engrs - Request.

Ref: From the P.E.O, Mangalore, Reg.C.No. 3300/SK-C. dt. 21.2.55.

cf.

Please see the letter from the P.E.O, Mangalore in the cf. He has stated that each of the Asst. Engrs. in his project and also the Spl. Divl. Engr. (CP) should be provided with a jeep exclusively for his use and that ~~it is therefore obvious that~~ dearth of jeeps is a serious handicap for carrying on the work efficiently. He has therefore requested that the required no. of jeeps may be supplied to his project early in the interest of speedy execution of engineering works.

It is submitted that the CPA. have been addressed to supply 7 more jeeps for the use of the Asst. Engrs. & the C.S.C.O's. in the projects. ~~The jeeps are~~ It was reported by the CPA that these jeeps will be supplied from the next consignment of 400 jeeps which were expected to be received in India by the end of Feb. 1955. It is therefore presumed that these jeeps will be receiv

PTO

shortly. Two of these seven jeeps will be supplied to this project. When received the P.E.O has been informed in this connection on various occasions. A

It is also submitted that in this connection the CPT are inclined to supply only 45 jeeps still against the balance requirements of this State for the 1st. Five year Plan Period. In view of the limited number of jeeps which will be supplied to this State, it does not appear possible to supply jeeps to each of the officials connected with C.P.s. Some working arrangement has to be made among the various officers connected with the C.P. scheme for the use of the jeeps available in the project at present. When the two jeeps mentioned at A above are supplied, it may be expected that the problem of jeeps can be solved to some extent. For orders whether the P.E.O, may be informed of the position.

7.3.55

8.3.55

9/3/55

Pending their receipt too, the P.E.O may be asked to regulate the use of the available jeeps in the best manner possible - Waiting for jeeps may mean disappointment and slow progress of works.
